REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach relative movement between said magnet and said Hall effect sensor being along a first path, and an axis being defined extending through said at least first set of north and south poles of said magnet, said axis and said first path being non-parallel, and said first path and said axis also being non-perpendicular to each other and a Hall effect sensor, said Hall effect sensor and said magnet being mounted for movement relative to each other along a linear path, said linear path being non-parallel to said axis, and said linear path and said axis also being non-perpendicular to each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The information disclosure statement filed December 29, 2006 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered except where indicated.
